

# TRIP CANCELLATION INSURANCE

## **Trip Cancellation/Interruption**

We understand that occasionally events occur that prevent you from joining us for your vacation. Life is full of surprises and so is travel! You can't predict a missed flight connection, job loss, death of a family member or your own illness or injury. When an unexpected event prevents you from travelling, Trip Cancellation/Trip Interruption reimburses travel costs if your trip is cancelled before you leave or disrupted after it has begun.

Please pay special attention to our Cancellation and Refunds Terms.

To avoid any financial hardship that an unexpected cancellation or interruption could cause, we strongly recommend purchasing Trip Cancellation/Interruption to protect your trip investment. Trip Cancellation/Interruption costs about 5% of your trip cost and it's worth the peace of mind!

## **Important Notice**

The tour operator's inability to provide service, backcountry or regional restriction/closure or evacuation due to avalanche, wildfire, state of emergency or civil authority, that cause you to interrupt or cancel your vacation is not covered by insurance.

## **Visiting Canada as a Tourist**

Most people need a Visa or an Electronic Travel Authorization (eTA) to fly to or transit through Canada. (US Citizens will only require a passport).  
Be prepared: Apply for an eTA as soon as possible.

Most applicants are approved within minutes. However, there is the possibility of a delay or a denial.

It is recommended you arrange your eTA as soon as possible to pre-determine your entry status.

Aurora Backcountry is not responsible, or liable to make any refunds, for guests who are denied an eTA. Note that a denied or delayed eTA or denied entry at the Canadian Border is not covered by Travel Insurance.
